

"LIBERTY IN TRUTH" PETITION

"We the people, of the State of Minnesota, grateful to God for our civil and religious liberty, and desiring to perpetuate its blessings, and to preserve the same to ourselves and to our posterity, do hereby establish and ordain this Constitution."

The Preamble to the Minnesota Constitution

In unity with generations past, we, the Voting Age Citizens of Minnesota, hereby make the following Petition and Proclamation;

*Whereas, in this 150th anniversary of our State Constitution, we the people of Minnesota, **reaffirm this Preamble**, and are still grateful to God for our civil and religious liberty, and we still acknowledge that all blessings come from God, who is **sovereign over both the Church and the State...***

*And, whereas, **God has granted to the people the authority to form a civil government**, for the express and limited purpose of providing an environment in which every man, woman and child can fulfill the purpose for which they were created...*

*And, whereas, **without Absolute Truth, all laws become rules for manipulation by those in power, and without the Word of God there is no Absolute Truth...***

*Therefore, we respectfully petition our civil government, **to protect and preserve the original intent of our Constitution**, by at all times and in all cases, interpreting the Constitution through the lens of its Preamble...*

*Further, we the people of Minnesota **oppose any changes in our State Constitution which would take away the right of the people to hold our courts accountable through meaningful, contested, non-partisan judicial elections...***

We the undersigned Citizens of Minnesota, respectfully submit this proclamation and petition to our Governor, our State Legislature, and to our Supreme Court.
